Sand Traps Separators and Inline Heaters

Super Sand Hog - Patented Spherical Design

Our Super Sand hog easily takes out 3000 to 4000 barrels a day of sand, water and gels.

- 5000 and 6000 psig rated
- Capable of flows up to 50 mmcf
- Typical size 48" ID 4" wall
- Removable inlet flange for easy repair on first impact site
- Hydro-cyclonic effect ensures ultimate sand removal
- ASME coded with ultrasound, x-ray and heat treated

5000 psig Super Sand Hog at well site

Patented design U.S. Patent No. 7,785,400B1
Two deflection areas and spherical design maximizes efficiency of vessel use in the 90% range.
